

WARM SEASON SMALL BUCKET RANGE

Zoysia Grass

Warm season tropical grass that stands up to heat, drought and heavy wear and tear. Best suited in warmer, temperate and tropical areas of Australia.

Turbocote Couch*

A blend of hulled and unhulled couchgrass that establishes quickly and creates a strong, wear resistant lawn.

La Prima

Fast germinating blend that provides an excellent turf surface. Has a fine leaf texture with a dark green colour.

Royal Bengal

Premium quality couchgrass with excellent seedling vigour. It has high frost tolerance and excellent winter colour.

Turbocote Kikuyu*

Kikuyu is a warm season grass common throughout most parts of Australia. It spreads by stolons and rhizomes making a very drought hardy plant with minimal maintenance requirements.

*Turbocote technology contains valuable soil plant nutrients for greater seed establishment. This results in a stronger more robust plant and a healthier lawn.
